Royal Iwere Foundation

2025 NUMERIC IMPACT REPORT

Collaborative Investment in Human Development

Foreward

Royal Iwere Foundation

In the Royal Iwere Foundation, we are guided by a deep conviction: that every individual in the Warri Kingdom deserves the opportunity to rise, to thrive, and to fulfil their God-given potential.

The year 2025 represents a significant milestone in our collective journey toward human development, empowerment, and community transformation. Through our shared efforts, we reached thousands of children, women, families, and communities, providing education, nurturing the environment, expanding opportunities, and restoring dignity.

From our schools to our farms, from climate actions to digital innovation, from scholarships to entrepreneurial growth, the Royal Iwere Foundation has continued to plant seeds: seeds of knowledge, courage, responsibility, and hope. These seeds are growing in our young people, in our women, in our fathers and artisans, and in every community we touch.

This report is more than numbers. It is evidence of what is possible when compassion meets structure, when vision meets commitment, and when a people unite for their own progress.

My immense gratitude goes to every partner, volunteer, philanthropist, mentor, teacher, community head, and supporter who has walked this journey with us. Together, we are shaping not only a stronger Warri Kingdom but also a legacy of empowerment for generations to come.

Her Royal Majesty, Olori Atuwatse III;
Visioner, Royal Iwere Foundation

About RIF

Our Purpose

The Royal Iwere Foundation (RIF) exists to advance collaborative investment in human development within the Warri Kingdom. We empower indigenes physically, mentally, academically, and economically, equipping them to thrive and transforming the narratives of our region.

Our Vision

A Warri Kingdom where every individual, regardless of background, can flourish - grounded in cultural heritage, strengthened by education, and uplifted through socio-economic empowerment.

Our Mission

To empower the people of the Warri Kingdom through education and sustainable indigenous solutions, facilitating a transformation from powerlessness to strength, dignity, and self-reliance.

2025 at a GLANCE

A year of expansion. A year of structure. A year of impact

- Farming supplies
- Food packs
- Clothing
- Tools and equipment
- Waste management materials
- Facilitator boxes
- Gift items
- Environmental kits

IMPACT STORIES

1. “A Seed Became a Skill” — OAIII Love Garden, Ogedegbe Primary School

Eight-year-old Daniel once watched farming only from a distance. After joining the Love Garden programme at Ogedegbe Primary School, he learned to plant tomatoes, water seedlings, and harvest produce. Today, Daniel proudly tends a small home garden, inspiring his peers and contributing to family meals.

2. Becoming Her Own Future” — EstablishHER Entrepreneurship Fund 2025 Cohort,

Oruoghene joined the June EstablishHER programme, uncertain of her next step after losing her small tailoring shop. After the financial literacy and goal-setting sessions, she restarted her business, gained her first five clients, and now mentors three other young women in her community.

3. “Shaping Tomorrow’s Green Leaders” — Climate Action Bootcamp 2025

Favour Madamedon attended the Climate Action Bootcamp 2025, uncertain of what climate change truly meant. After learning that it involves long-term changes in weather patterns, exploring topics like energy and green (renewable) energy, and understanding issues such as pollution, restoration, and bush burning, she felt inspired. Leaving the bootcamp excited to share her new knowledge at home, Favour now feels confident using words she had never heard before. She believes that by teaching others, she and her peers can help make a real difference.

CONCLUSION

2025 stands as a powerful year in the Royal Iwere Foundation's journey: a year defined by scale, structure, intentionality, and measurable transformation.

From classrooms to communities, from farms to innovation hubs, from environmental conservation to women's empowerment, RIF has continued to push the boundaries of what is possible when purpose meets passion.

The momentum is strong.

The vision is clear.

The future is unfolding before us.

And together, we march toward a Warri Kingdom where every individual thrives.
